Terms of Service for Bible Picture Puzzle

Last Updated: October 30, 2026

1. Acceptance of Terms

The mobile application, **Bible Picture Puzzle** (the "Service"), is owned and operated by **Sujy Games** ("we", "us", or "our"). By downloading, installing, accessing, or playing the Service, you agree to be bound by these Terms of Service ("Terms"). If you do not agree to these Terms, please do not install, access, or use the Service.

---

2. Privacy and Data Protection

Your privacy is very important to us. Our collection, use, and disclosure of device data, gameplay analytics, and diagnostic telemetry are governed by our Privacy Policy.

- By using the Service, you acknowledge and agree that your data will be processed in accordance with our Privacy Policy.
- All network communications transmitted by the Service are secured and encrypted in transit using standard HTTPS (SSL/TLS) protocols.

---

3. Eligibility and Family Audience

- **Family-Friendly Experience:** Bible Picture Puzzle is designed as an all-ages, family-friendly picture puzzle game based on biblical stories and themes.
- **Parental Consent & Supervision:** If you are under the legal age of majority in your jurisdiction (or under 13/16 depending on local applicable laws), you represent that your parent or legal guardian has reviewed and agreed to these Terms on your behalf prior to your use of the Service.
- **Parental Responsibility:** Parents and legal guardians are responsible for supervising their children's gameplay, device permissions, and any financial transactions (such as In-App Purchases) conducted on the device.

---

4. In-App Purchases (IAP) and Virtual Items

Bible Picture Puzzle may offer optional digital content and In-App Purchases (IAP) to enhance your gameplay experience (such as puzzle hints, puzzle piece assists, book unlocks, or "no-ads" privileges).

- **Billing:** All in-app purchases are processed securely through the **Google Play Store Billing** system. We do not store, process, or have access to your credit card or banking information.
- **Nature of Virtual Items:** Virtual items (hints, game assists, and digital puzzle content) are licensed to you on a limited, personal, non-exclusive, non-transferable, and revocable basis for personal, non-commercial entertainment only. They have no real-world cash value and cannot be redeemed, refunded, transferred, or exchanged for real-world currency or monetary assets.
- **Fraud Prevention:** Players are strictly prohibited from attempting fraudulent transactions, receipt spoofing, unauthorized payment chargebacks, or utilizing cracked/modified software to unlock virtual items.

---

5. Fair Play and User Conduct

To maintain game integrity and ensure a secure experience for all players, you agree to play fairly:

- **Prohibited Conduct:** You agree not to decompile, reverse-engineer, disassemble, modify, or create derivative works of the game application or any of its puzzle assets.
- **Anti-Abuse & Anti-Cheating:** Any attempt to manipulate the game's reward systems—including spoofing rewarded video ad views, exploiting memory injection, generating automated bot traffic, or bypassing puzzle levels artificially—is strictly prohibited.
- **Installation Identifiers:** We utilize anonymous SDK installation IDs and telemetry to monitor operational integrity, prevent multi-device reward abuse, and ensure fair ad delivery. Violation of these rules may result in the forfeiture of virtual items or restricted access to the Service.

---

6. Third-Party Services, Ads, and External Links

- **Integrated Services:** We integrate industry-standard third-party SDKs to facilitate core game functions, analytics, crash reporting, and monetization. These include **Google Firebase** (Analytics and Crashlytics), **Unity LevelPlay** (ironSource), **Google AdMob**, **Unity Ads**, and the **Facebook SDK**.
- **Family-Safe Ads:** In alignment with our family audience commitment, in-game advertising is provided via Google Play certified ad networks configured to serve family-appropriate content without behavioral profiling of children.

- **External Links:** Advertisements or in-app buttons may occasionally direct you to external third-party websites or services. We do not control, endorse, or assume responsibility for the content, privacy policies, or practices of any third-party websites or services.

---

7. Intellectual Property Rights

All rights, title, and interest in and to **Bible Picture Puzzle**—including its source code, puzzle illustrations, biblical artwork, audio tracks, visual effects, story texts, user interface designs, and branding—are the exclusive intellectual property of **Sujy Games** or its licensors.

- You may not copy, reproduce, distribute, publicly display, sell, or exploit any portion of the Service or its artwork without prior express written permission from Sujy Games.

---

8. Disclaimer of Warranties & Limitation of Liability

- **"As Is" Basis:** The Service is provided on an "AS IS" and "AS AVAILABLE" basis, without warranties of any kind, either express or implied, including but not limited to implied warranties of merchantability, fitness for a particular purpose, or uninterrupted operation.
- **Limitation of Liability:** To the maximum extent permitted by applicable law, Sujy Games and its developers shall not be liable for any indirect, incidental, special, consequential, or punitive damages resulting from your access to, use of, or inability to use the Service, even if advised of the possibility of such damages.

---

9. Changes to These Terms

We reserve the right to amend, update, or replace these Terms of Service at our sole discretion. We will indicate any updates by refreshing the **"Last Updated"** date at the top of this page. Your continued use of the Service after any changes become effective constitutes your acceptance of the revised terms.
